

March 8, 1976

CLERK: Read title to LB 676.

(Machine turned off)

PRESIDENT: It doesn't show on your agenda, but the Speaker has advised that the next bill up is LB 817, Constitutional Amendment. Please read that for the final time. Do you wish to say something, Mr. Speaker?

SPEAKER: It was a mistake in our office. It should have been put in, but it was just overlooked. I'm asking that it be read at this time.

PRESIDENT: Is there any objection to this change in the agenda? Read the bill. Oh, excuse me.

CLERK: There are several motions pending on the bill, Mr. President. Senator Cavanaugh moves to bracket LB 817 until tomorrow, March 9th. Senator Murphy has an amendment pending to return the bill to Select File for specific amendment.

PRESIDENT: Is yours a request for unanimous consent, Senator Cavanaugh? Alright. Is there an objection for this request to bracket until tomorrow? There is an objection so yours is a motion then. Alright there is a motion to bracket this bill until tomorrow. Record your vote. Have you voted? Record.

CLERK: 28 ayes, 1 nay on the motion to bracket until tomorrow, Mr. President.

PRESIDENT: Motion carries. The bill is bracketed until tomorrow.

Please read, on Final Reading, LB 869 with the emergency clause attached.

CLERK: I have a motion on the desk, Mr. President.

PRESIDENT: Read the motion.

CLERK: I move to return LB 869 to Select File for a specific amendment. The specific amendment is offered by Senator Bereuter and is printed in the Legislative Journal on page 926.

PRESIDENT: Chair recognizes Senator Bereuter.

SENATOR BEREUTER: Mr. President, members of the Legislature. We're simply asking for this bill to be returned so that another fund may be established, a revolving fund, for the animal science diagnostic laboratory at the University of Nebraska which will come on line July 1 of this year.

The Committee voted, I believe, unanimously to introduce a new bill for this purpose. But seeing this bill was on the board and ready to go we decided to try to put two funds in this, one a cash fund in the original purpose, and another the revolving fund for the animal science diagnostic laboratory. Therefore, I move for the return of this bill for this specific amendment.
